

*Extending hands and hearts to the still suffering compulsive overeaters*

# Region 5 has a Toll Free Number

Anyone can call toll free to find out where meetings are in Region 5!

**1-800-589-6262 (OAOA)**

Any Region 5 meeting or intergroup can send their information to this office so updated information is given to callers.

Region 5 has had a toll free number for a long time. It operates out of the Cleveland Central Intergroup office. There is a staff person who takes calls Monday through Friday, from 9 until noon. Send them your updated meeting list so that they have accurate information for the still suffering overeaters and food addicts who need meeting information in our six state and one province region.

Send the lists via snail mail or call the office directly. We are in the process of setting up an email account and will notify the intergroups when it is available.
