

Tear-off Tab Public Information Flyer

The Three Rivers Intergroup has developed a tear-off tab public information flyer that can service bodies can use to get the word out about OA in their area. TRI printed these up, used a paper cutter to separate the tabs 10 flyers at a time and then took them to OA meetings.

They told people to take a few flyers and post them in places they already are going: grocery stores, laundromats, schools, churches, medical offices, etc. Every time TRI passed around a stack everyone took some and many were posted. They are kind of fun to watch. Imagine, each time you walk by one on a bulletin board, at work or at your local grocery store, you see the tabs disappear one by one. It is nice to know that at least 10 people took the flyer seriously enough to take a tab with them. When all the tabs are gone, you simply post a new flyer.

The flyer uses OA's 15 questions to help people decide if they need help.

Web Headquarters can customize this flyer with your OA service body's phone number, OA email address and OA webpage (if different than the Region 5 website). The completed flyer will be emailed to you as an Adobe Acrobat .pdf file attachment. Most computers already have the Acrobat reader. If you do not have one you can download one free from:

<http://www.adobe.com/products/acrobat/readstep2.html>

The flyer can then be printed on any laser printer or reasonably good inkjet printer. If for some reason you cannot get the flyer printed we can send you a printed master via the US Mail.

In order to customize the flyer we need the following information from you:

1. The OA contact phone number for your area including area code.
2. The OA contact email address for your area.
3. The OA website address for your area. If you have a website at region5oa.org I would recommend using the address region5oa.org.

Email the above information to webmaster@region5oa.org and we will send you a flyer personalized for your area.
